Commissioner for Patents

Applicant's submitted amendments again fail to comply with 37 CFR 1.173, as previous claims were noted to so not-comply (Official Action of 10/21/06, pp. 2-6. For example, Claim 1 fails to indicate the amended terminology versus the originally-issued claims, e.g., the terminology "family of compounds having an imidazole nucleus, pterines, pyridines and" is new subject matter versus originally-issued Claim 1.

Considering the extensive analysis that was required before, and the Examiner's explicit warning that the claims could not be issued unless Applicant follows amendment practice under 37 CFR 1.173, the Examiner has determined that Applicant's amendment is properly responded to with a notice of non-compliant amendment.

Because Applicant's amendment does appear to be a bona-fide attempt to amend the claims, APPLICANT IS GIVEN ONE MONTH, OR THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice to supply the correction, if the non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M. Kelly, Art Unit 1633, whose telephone number is (571) 272-0729. The examiner can normally be reached on M-F, 9:00am-5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dave Nguyen can be reached on (571) 272-0731. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
